

50mL Diamond[®] Max[™] Centrifuge Tube, Self-Standing

Item# 6299

Description

Diamond[®] Max[™] Centrifuge Tubes are engineered to meet the demands of the most critical scientific work. Premium grade materials and an automated, touch free manufacturing process provide both performance and savings to users.

These exceptionally clear, self-standing tubes have black printed graduation marks to full volume of 50mL, and an alcohol resistant bright white marking space. The tubes are packaged in heavy duty, zip, re-closable bags.

Features

- Maximum RCF rating of 7,000 x g
- USP Class VI resin is FDA CFR 21 compliant for food safety
- Manufactured in a class 100,000 clean room, gamma irradiated to SAL 10⁻⁶
- Certified to be free from DNase, RNase, Human DNA, Pyrogens, and Endotoxins
- Easy grip caps have an integral seal ring design for secure closures that eliminate seepage when used as recommended
